#### Gallery:

- Customer testimonials and reviews.
- Photos showcasing our mobile bars at various events.

#### Contact:

- Form for inquiries and booking requests.
- Business locations and hours.

### Data Management and User Accounts:

Data Stored: Customer information for purposes. Inventory of available drinks and ingredients. Booking history and event details.

Data Manipulation: Administrator privileges to add, edit, or delete drinks from the menu. Managing bookings, updating event details, and tracking customer interactions.

User accounts: Administrator accounts with login security for managing website content. Customer accounts for booking and tracking order history.

### Security Measures:

- Secure login for administrator accounts to protect data manipulation.
- Encryption for customer information to ensure privacy.
- Regular backups to prevent data loss.

We aim to provide a seamless and enjoyable experience for customers looking to add a touch of flair to their special events. Cheers!
